

STM STUDIO SUPPLIES *By professionals for professionals*

18 Dawson Street Naremburn NSW 2065 **T:** 02 9439 9060 **F:** 02 9439 9063 **E:** sales@stmstudiosupplies.com **W:** www.stmstudiosupplies.com

The stand alone fixed freestanding barre is our solution to putting a barre next to a glass wall without affecting the glass or where the wall is a lightweight gyprock construction.

This barre is particularly useful where the mirror is already installed and is a practical and elegant barre in its own right.

Fixings are most suited to concrete sub floors but can be adapted to alternative footings. Barres can extend to unlimited lengths and there are economies of scale in doing this.

All barres comply with Australian Barrier Standard AS/NZ 1170.2 and come with the standard STM Studio Supplies limited warranty (complete with all fixing and fittings).

Ideal for all exercise environments from dance studios through to gyms and dojos. They are the only barres of their kind commercially available in Australia.
